

REED ATTACKS NAVAL LIMITATION TREATY

TREATY HAS BEEN MISREPRESENTED TO AMERICAN PEOPLE

SAYS TREATY MAKES IT IMPOSSIBLE FOR THE UNITED STATES TO DEFEND PHILIPPINES

CHALLENGES EXPERTS TO PRODUCE REPORT OF RELATIVE STRENGTH OF NAVIES

(By United Press.) Washington, March 16.—The senatorial work on the arms conference treaties was switched today from the four-power treaty to the arms limitation pact.

Ratification of the naval limitation treaty would place the United States in a position of grave danger, Senator Reed of Missouri declared in a speech to the senate.

The whole status of the situation is that the naval limitation treaty has been misrepresented to the senate and the American people, Reed said.

"I will present the facts, the words of recognized naval experts. If these facts are not given attention before the four-power treaty is acted upon, we will not be able to extricate ourselves from a dilemma I regard as of the greatest danger."

Reed challenged members of the American delegation to the arms conference to produce a report of the naval experts relative to naval strength under the limitations plan of the United States, Great Britain and Japan.

Under the four-power treaty and the naval treaty, Reed said, you are making it impossible for us to defend the Philippines, or Guam, and impossible for us to go into a pact with Japan.

He delivered an attack on the American allies in the war. They double crossed us before we went in the war, and they double crossed us while we were in the war, he said.

SOUTH AFRICAN REVOLUTION HAS BEEN SUPPRESSED

(By United Press.) Johannesburg, March 16.—"The revolution has been suppressed," an official statement issued here today announced.

Over six thousand prisoners have been taken. Voluminous evidence has been seized showing that the uprising grew out of a bolshevik plot.

Railway workers have returned to work, and miners and others are expected to follow shortly.

Independent Basketball Championship Contest Played Tonight

(By United Press.) St. Paul, March 16.—Fergus Falls will meet the 151st Field Artillery five of Minneapolis tonight for the state independent basketball championship.

The Artillery men eliminated the strong Crookston five, 28 to 19. Fergus Falls eliminated Anoka 18 to 11. Anoka failed to score a field goal in the first half, the score being 7 to 2 at the intermission. Fergus Falls played a much stronger game than their opponents and could be counted to win.

The championship will go on tonight at 8:15.

Protestant and Catholic Churches Make Effort To Avoid Coal Strike

(By United Press.) Washington, March 16.—For the first time in the nation's industrial history, protestant and catholic churches have linked together in an effort to ward off a big strike—the threatened coal clash.

This unusual step was taken today by the federal council of the church of Christ in America, and the national Catholic Welfare Council, and it came in the form of a statement appealing for an operators-miners conference to discuss the coal situation before a strike.

SAYS LLOYD GEORGE WILL RESIGN ON RETURN TO LONDON

(By United Press.) London, March 16.—Lloyd George will resign as soon as he returns to London, the correspondent of the Central News declared today.

The conservative government, the correspondent claims to have learned, will hold office until a general election is convenient. Winston Churchill, minister for the colonies, will probably be the only liberal remaining in the government.

TWO CHILDREN ARE BURNED TO DEATH WHEN HOME BURNS

(By United Press.) Mt. Clemens, Mich., March 16.—Two children were burned to death, two seriously injured and the parents were badly burned when the home of Berent Reichert near here was destroyed by fire today.

Irene Reichert, 9, and Vincent Reichert, 7, were burned to death.

REDS KILL REFUGEES THEY INVITED BACK

PETLURA SOLDIERS SHOT DOWN ON CROSSING FRONTIER—ONE ESCAPES AND TELLS STORY

Riga, March 16.—A ghastly welcome is awaiting Russians who are taking advantage of Lenin's proffer of amnesty to all soldiers who have fought against the soviet, according to the story of Ivan Supper, who has arrived in Riga.

Mr. Supper says his 15 comrades, returning to Russia after leaving Petlura's army, were shot by the bolsheviks at the railroad station of Sebsh, just across the Latvia border.

Supper and his companions left Riga a week ago for their homes in Ukraine. All were given soviet passports at Riga. They arrived at the frontier at night and were compelled to leave the train. They were ordered to disrobe and obeyed. Shots rang and two men dropped.

Supper was near the door and he knocked the guards down and escaped. Several shots were fired after he had hid under a freight train. He rode the rods to a Latvian town, arriving half frozen, dressed in trousers, socks and undershirt.

The International Red Cross put Supper in a hospital, bringing him to Riga, en route back to Petlura's army. The first group of Russians taking advantage of Lenin's magnanimous amnesty crossed the border early in January and disappeared. Supper's story created a sensation in the Baltic, where many Russian refugees were considering their return to Russia.

U. S. WILL SOON SEND ALLIES NOTE ASKING OCCUPATION COST

THIS NOTE WILL PRESENT CLAIMS DIRECT TO POWERS; AMOUNT CLAIM \$240,000,000

(By United Press.) Washington, March 16.—A note from the United States government on this country's claims for payment of \$240,000,000 to meet the cost of the American army of occupation in Germany, will be dispatched to the allied powers shortly, it was understood here today.

This note will present the American claims directly to the powers. Identical notes probably will be sent to the French, British and Italian governments by Secretary Hughes, it was indicated.

PUBLIC OPINION HAS DECIDED THE FOUR POWER PACT FIGHT

THIS IS THE CONSENSUS OF OPINION AT WASHINGTON EVEN AMONG OPPONENTS

(By L. C. MARTIN, United Press Staff Correspondent.) Washington, March 16.—Public opinion has decided the four-power Pacific treaty fight.

Treaty opponents today conceded it had decided against them. Failure of the American people to react to the support of the Republican irreconcilables and their Democratic allies, tells the story of the failure of the fight against the treaty, it was admitted.

That the fight has failed, even the most irreconcilable acknowledged privately today. Not only will the treaty be ratified, but it will carry no reservations except the one adopted by the foreign relations committee, the treaty advocates firmly believe.

The reservation is simply a sentence from President Harding's speech submitting the treaty to the senate.

Harding then told the senate that "there is no commitment to armed force, no alliance, no written or moral obligation to go in defense."

The reservation says that in the preamble and terms of the treaty there is "no commitment to force, no alliance, no obligation to go to any defense."

NOTED LOS ANGELES BEAUTY ASSAULTED AND NEARLY KILLED

(By United Press.) Los Angeles, March 16.—Virginia Lee Davis, 23 years old, daughter of a wealthy Los Angeles physician, lies in a stupor at her home today near death as the result of a savage attack made upon her during the night while she was asleep.

Across the back of an envelope on a table near her bed was written: "I didn't mean to kill her—just hit her on the head." Miss Davis is an artist. She is noted in social and artistic circles for her unusual beauty.

W. H. Countryman Is Elected General Counselor of G. N. Railroad

(By United Press.) St. Paul, March 16.—W. H. Countryman, former solicitor of the Great Northern, has been elected vice president and general counselor of the railroad.

He succeeds A. C. Lindley who resigned several weeks ago. The election was held in New York yesterday.

Work In Anthracite Fields Will Suspend April 1, It Is Declared

(By United Press.) New York, March 16.—Suspension of work in anthracite coal fields probably will start April 1, F. G. Davis, government observer at the anthracite miners-operators conference, declared after the morning session today.

12 FAMILIES DRIVEN INTO THE STREETS BY FIRE

(By United Press.) Minneapolis, March 16.—Three persons were overcome by smoke and twelve families driven to the street in a fire which destroyed a grocery store and flats on South Washington avenue today.

INJURED BY FALL FROM FREIGHT TRAIN

(By United Press.) St. Paul, March 16.—Homer Moraire, 40, was seriously injured here today when he fell from the top of a Great Northern freight train in the yards.

SOLDIERS BONUS COST ESTIMATED AT \$4,038,719,350

(By United Press.) Washington, March 16.—The soldier bonus will cost a total of \$4,038,719,350 for its various options, according to estimates made in the ways and means reports to the house.

STATE HIGH SCHOOL BASKETBALL GAMES

WADENA DEFEATS NEW ULM. STILLWATER BEAT ST. PETER. MANKATO JOHNSON HIGH

(By United Press.) Northfield, March 16.—Wadena defeated New Ulm in the first game of the state high school basketball tournament early today. The score was 27 to 17. At the end of the first half, the teams were tied, 10 to 10.

By a brilliant last minute rush Stillwater high in the second round of the tournament, defeated St. Peter 30 to 23. St. Peter took the lead in the second half, and held it until the last three minutes of play. Holmes made five field baskets. Stillwater will meet Wadena at 5 o'clock this evening.

Johnson high school of St. Paul fell before the husky Mankato five in the third game this morning. Mankato took an early lead, and held it with the exception of a few minutes in the first half, and won 23 to 15.

Schedule of Games Northfield, March 16.—Wadena and New Ulm started off the annual high school basketball championship here today.

The second contest of the morning was scheduled between Stillwater and St. Peter. The most interesting contest of the morning scheduled is expected in the clash of Johnson High of St. Paul and Mankato.

Madison and Little Falls are scheduled to take the floor just before noon with Mountain Lake and Sandstone going on at 12:30.

Crookston five, counted as the probable champions, were scheduled to meet Red Wing in the first afternoon clash. Hancock and Austin and Buffalo and Duluth Central are to meet late this afternoon for the first game, and further games will be staged tonight, and the semi-finals will start tomorrow morning.

Madison Defeats Little Falls Northfield, March 16.—Madison defeated Little Falls in a hard fought game 28 to 15.

In the first half, Little Falls was holding one field basket, and at the end of the period Madison was leading 15 to 8.

Little Falls sweated at the beginning of the second half, and almost overtook their opponents. Madison came back strong and piled up a 13 point lead before the end of the game.

Hendrickson with 17 points to his credit was the individual star. Fortier with three field baskets was the individual star of the Morrison county squad. Madison will meet Mankato at 7 o'clock tonight.

FIUME GOVERNMENT SEIZED BY COUNTER REVOLUTIONISTS

LOCAL MILITARY LEADERS OVERTHROW FASCISTA GOVERNMENT RECENTLY ESTABLISHED

(By United Press.) Fiume, March 16.—A counter revolution by local military leaders was successful here today.

The committee of national defense established after the fascista revolt against President Zambelli, was overthrown.

A military council occupies the government palace. The post office has been seized. The leaders of the new revolt, representing all the local military forces, announced today they have taken up the task of organizing a legal government for Fiume. Fascista outbreaks here and in other Italian provinces as a result of the counter revolution are feared.

SOLDIER BONUS BILL APPROVED; STARTED ON WAY TO PASSAGE

HOUSE WAYS AND MEANS COMMITTEE O. K.'S PACT AFTER HEARING MELLON

Washington, March 16.—The revised republican soldier bonus bill was started on its way to passage yesterday when the ways and means committee reported the measure favorably to the house without change, by a vote of 19 to 5.

The action came speedily following the failure of Secretary of the Treasury A. W. Mellon and Controller of the Currency D. T. Crisinger to substantiate to the satisfaction of the committee their assertions that the new plan would prove disastrous to the finances of the country.

These officials together with Governor W. P. G. Harding of the federal reserve board were summoned to the capitol by the committee, at the instance of seven republican and six democratic members opposed to reporting the bill without further consideration of the treasury objections. The committee was so far from impressed with the reiterated arguments of the treasury officials that opposition in the committee collapsed.

By a vote of 5 to 19 an amendment proposing to finance the bonus by a sales tax was rejected by the committee.

The program calls for the passage of the bill by the house next Monday or Tuesday and that it will be passed by an overwhelming majority is a foregone conclusion.

LLOYD GEORGE WILL ATTEND THE GENOA CONFERENCE

(By United Press.) London, March 16.—Great Britain's delegates to the Genoa economic conference will include Lloyd George and Lord Curzon, foreign minister, Austin Chamberlain announced in the house of commons this afternoon.

Labor Board Strikes At Railway Evasion By Contract System

(By United Press.) Chicago, March 16.—The United States railroad labor board today hit at the attempt of some roads to escape jurisdiction of the board by letting out shop work on contracts.

The board, on its own initiative, reopened the case of the Erie railroad accused by the men with illegal letting of contracts for shop labor in order to escape decisions of the board.

PLEADS FOR PARDON OF POLITICAL PRISONERS

(By United Press.) Washington, March 16.—One hundred and thirteen "political prisoners" now in jails in this country for violation of the espionage act are held for offenses included in the cases of other war violators who have been freed, Albert De Silver, New York attorney, declared to the house judicial committee today.

He opened the case of the prisoner before the committee which is now considering the recommendation of Representative London, socialist of New York, recommending the pardon of all prisoners now held under the espionage act for expression of opinion, and not for acts of violence.

Opera Star Through With Chauffeur Hubby

(By United Press.) St. Louis, Mo., March 16.—"I picked him out of the gutter and that is where I will leave him. You can tell the world I am through—all through with him."

There wasn't much doubt that what Madame Margaret Matzenauer, famous opera star, meant what she said when she declared today that she was through with Floyd Grotzbach, her chauffeur husband.

JAP EVACUATION OF SHANTUNG BEGINS APRIL 1

(By United Press.) Tokyo, March 16.—Japanese evacuation of Shantung under the agreements reached at the Washington arms conference will begin April 1, it was announced today.

It was reported that Shidhara, former vice minister of foreign affairs, and delegate to the Washington conference, will be named head of a commission to put into effect the Shantung agreements.

Duluth, March 16.—Rotary clubs from four states are represented in the annual convention of the 15th district of the International Rotary which opens today. Several clubs are attending 100 per cent.

OBECHAIN CASE TO GO TO JURY TODAY

UPON THE DECISION OF NINE MEN AND THREE WOMEN DEPENDS MADALYNE'S FATE

(By United Press.) Los Angeles, March 16.—The Obchain case goes to the jury late today.

The fate of beautiful Madalynne Obchain, whose tangled love affair with three men resulting in her trial for murder of one of them, will be in the hands of a mixed jury, three women and nine men, before tonight.

Upon the sympathy of the three women jurors, who have followed with streaming eyes every detail of Madalynne's tragic story of her forlorn love and the tragic ending, the defense depends.

Some more than the conviction or acquittal of Mrs. Obchain lies in the jury decision. The mixed jury system's existence in the state of California, is at stake.

Ability of women to judge a sister charged with murder—with love and feminine hopes playing no small part in the story—will be subjected to a severe test when the jury goes out.

Of the three men Madalynne loved, one J. Belton Kennedy, who is dead, and she is accused of his murder. A second, Arthur Burch, has been tried for complicity in that murder, and he has frequently given evidence of insanity. The third, Madalynne's first love, Ralph Obchain, who gave her up to Kennedy, is defending her.

ENGLAND PROCLAIMS INDEPENDENCE OF EGYPTIAN STATE

SULTAN MADE KING—CAIRO IN REJOICING—GROUPS OF EXTREMISTS RIOT

(By United Press.) Cairo, March 16.—The independence of Egypt was officially proclaimed here today.

Serious riots, street fighting and window smashing by groups of extremists marred the occasion for which a general holiday had been proclaimed.

The sultan has taken the title of King Fuad the First, and a government with Abdul Khalek Sarwab Pasha as its head was recognized.

The British government proclaimed Egypt a sovereign state and no connection with the British empire, and enjoys the same status as any other sovereign state in the world, but Britain has inaugurated a European Monroe doctrine of its protectorate over Egypt, and reserves the right to combat any effort by any other power to interfere in Egypt, as the United States does with any South American state.

Egypt may, and probably will have its own representatives abroad. The British reservations announced coincident with the withdrawal:

1. Security of British imperial demands.
2. The defense of Egypt against attack.
3. Protection of foreign interests.
4. Retention of British interests in the Sudan.

BAD LABOR WAR BROKE OUT IN CHICAGO TODAY

WAR IS OUTCOME OF DISSATISFACTION OF RULING OF JUDGE LANDIS IN WAGE AWARD

UNION PLUMBER SLUGGED WILL DIE—HOMES OF CONTRACTORS ARE BOMBED

(By United Press.) Chicago, March 16.—Bombing and sluggings marked the outbreak of Chicago's labor war today.

Folks of John White and Peter Fortier, Continental Can company officials, were rocked and frightened by bombs during the night. This followed a reign of daylight terror in which 20 union workmen on buildings were slugged and beaten.

John Stevens, union plumber, who returned to his work because his family was starving, will die. Three slugsmen fractured his skull, and severed his ear.

The war, according to police, is the outcome of dissatisfaction with the abrogation award in the building trade made by Judge Landis.

Police Chief Fitzmorris stated today he believed the bomb that partially destroyed the home of Alderman Agnew was meant for the residence of Thorne Donnelly, one of the leaders in enforcing the Landis award.

States Attorney Crowe and Police Chief Fitzmorris started to combat what is termed "a reign of terror."

College Oratorical Honors

Grand Forks, March 16.—Three North Dakota institutions compete at the university tonight for college oratorical honors. Miss Mabel Holmberg, Renville, Minn., represents Fargo college, Oscar Kolberg, Pettibon, Jamestown college and Harold Shaft, the University. Mr. Kolberg's oration deals with the suppression of the crime wave. Miss Holmberg speaks on disarmament.

PROBE OF BIG CHICAGO FIRE WILL BE MADE

(By United Press.) Chicago, March 16.—Probe of the cause of the fire which swept away an entire city block yesterday, started today.

The total loss was placed at \$8,000,000, of which \$3,500,000 is covered by insurance. Investigation is being based on the theory that the fire was incendiary.

Auto Tax Collections Aggregate Over Four Million Dollars

(By United Press.) St. Paul, March 16.—A total of \$4,172,135 has been collected by Mike Holm, secretary of state on motor vehicle licenses so far this year.

Holm estimated today there are 70,000 car owners in the state who have not yet paid their 1922 licenses, and who will be subject to arrest and prosecution after March 31st.

BRAINERD'S OLDEST STORIES OF TODAY

Col. C. D. Johnson has a world of trouble these days. He has a false set of teeth which for years he anchored to a good, sound tooth. Recently this tooth, the only natural one he has left, became loose in its moorings and decayed and had to be pulled. With nothing to anchor his present set of teeth to, the colonel had to go without his teeth and it made talking very difficult. Dentists are working on a rush order for a new set and as soon as supplied, the oratorical powers of the colonel will be running 100 per cent as heretofore.

First Birthday

Mrs. John A. Hoffbauer entertained on Wednesday afternoon and evening for her little niece, Eileen Marie Rosko, on the occasion of her first birthday. ROAD COSTS DOWN, STATE BID SHOW

Low Figures Break All Minnesota Records—Commissioner Let Contracts—Calls for More Bids

STATE GETTING BIGGER VALUE

Contracts Just Awarded Cover Nearly 75 Miles of Grading, 3 Miles Paving, 9 Bridges

Minnesota is getting bigger value for its road funds now than ever before.

State officials so agreed this week after contracts were let at \$756,000 on 13 projects estimate by engineers to cost \$1,020,000. Charles M. Babcock state highway commissioner, after making the awards, expressed regret that trunk highway funds will not permit the state to take special advantage of existing low prices by greatly enlarging the 1922 program.

John M. Mullen, deputy commissioner and chief highway engineer, said that funds for actual trunk route work this year will be reduced from the 1921 total by reimbursement bond interest charges and other deductions. Curtailments will be avoidable to some extent because of the lower prices, he said, and the department will bend every effort to extend betterments as far as possible.

Contracts just awarded cover nearly 75 miles of grading, 3 miles of paving and 9 bridges. The small paving job was let at \$1.94 3-4 cents a yard, the lowest price ever quoted and compared with a recent county bid of \$2.15 on a cheaper type. Grading was bid as low as 17 cents a cubic yard and other prices were in proportion, engineers said.

Jobs estimated at \$400,000 on which bids are to be opened April 6 follow:

T. H. No. 1—Near White Bear, 1 mile 24-foot pavement, estimated \$50,000.

T. H. No. 7—West from Janesville, 4 miles grading, estimate \$20,000.

T. H. No. 8—Between Bena and Ball Club, 17 miles grading, estimated \$150,000.

T. H. No. 11—Between Warroad and Roosevelt, 11 miles grading, 4 bridges, \$110,000.

T. H. No. 42—Between Eyeta and Elgin, 6 miles grading, estimate \$40,000.

Recent contract awards follow:

T. H. No. 1—Two Harbors and Knife River, 8.3 miles grading, total \$109,567; C. R. McLean, Duluth, grading at \$80,826; Cherus Construction Co., Minneapolis, culverts at \$21,857; Minneapolis Bridge Co., Minneapolis, bridge at \$6,884.

T. H. No. 1—Little Marais and Schroeder, 14.5 miles grading, total \$192,870; Foley Brothers, St. Paul, all contracts—grading at \$107,052; culverts at \$29,218, and two bridges at \$56,600.

T. H. No. 4—Near Faribault, two ornamental concrete bridges. Awards later.

T. H. No. 2—Near Corona, concrete bridge at \$2,322 to Cherus Construction Co.

T. H. No. 3—West Union and Sauk Center, 2.3 miles grading, total \$14,742; Jurgensen Bros. Co., Summit, S. D., grading at \$10,108; Morris Construction Co., Morris culverts at \$4,634.

T. H. No. 7—New Ulm Highway Crossing Project—Bids rejected.

T. H. No. 8—Grand Rapids and Blackberry, 7.3 miles grading, total \$41,497; Pogue, Arundel & Co., Grand Rapids, grading at \$34,402, and culverts at \$7,095.

T. H. No. 10—Near Delano, 150-foot concrete bridge, at \$16,789 to the Wild Company, Mankato.

T. H. No. 15—New Ulm and Klossner, 2.2 miles grading—bids rejected.

T. H. No. 20—Preston and Fountain, 6 miles grading, total \$80,219; Bumgardner & McMenemy, St. Paul, grading at \$49,784; Babcock Bros., Winnebago, and W. T. Baxter, Cedar Rapids, Ia. Bridges at \$26,261; Cherus Construction Co., culverts \$4,174.

T. H. No. 20—Chatfield and Fountain, 9.1 miles grading, total \$85,967; A. C. Dixon, St. Paul, grading at \$43,923; W. T. Baxter, Cedar Rapids, Ia., Hennepin Bridge Co., Minneapolis and H. F. Garbisch, Austin, bridges at \$31,875; Cherus Construction Co., culverts at \$10,169.

T. H. No. 20—North of Chatfield, two concrete bridges. Awards later.

T. H. No. 27—Near St. Cloud, 2.8 miles grading and concrete paving, total \$73,431; S. J. Groves & Sons, Minneapolis, grading at \$6,266 and culverts at \$5,155; Johnson, Draker & Piper, Minneapolis, paving at \$62,010.

T. H. No. 29—Alexandria and Lake Reno, 9.3 miles grading, total \$41,529; Christ Johnson, St. Paul, grading at \$31,400; Morris Construction Co., culverts at \$10,129.

T. H. No. 30—Ogema and Calloway, 12.1 miles grading, total \$65,553; M. W. Barnard & Son, Minneapolis, grading at \$52,169, and culverts at \$13,384.

"FRIENDS OF SOVIET RUSSIA" ASK RELIEF

Appeal for Aid of Famine Stricken Russian Volga is Launched by A. E. Georgian

MEETIN HELD IN S. E. BRAINERD

Another Meeting Thursday Night in Trades & Labor Hall, Illustrated Lecture to be Given

A. E. Georgian, a representative of the "Friends of Soviet Russia," is in the city effecting a local organization for Russian relief. "The Friends of Soviet Russia," said he, has headquarters at 201 West 13th street, New York City, and it has for its object "famine relief without conditions."

A meeting was held in the Finnish hall in Southeast Brainerd Wednesday night and Mr. Georgian says contributions were made. Mr. Georgian is from Minneapolis where at one time he conducted a newspaper which involved him in a contest with the government. He is not an American, but a native of Georgia, in the Far East, and for nine years had published the "New Times" in Minneapolis and said he had considerable subscribers in Brainerd too. He claims Minneapolis political parties fought him for his radical views and characterized him as a bolshevist. He said the paper was discontinued in 1915. It was a weekly edition and ran from 4 to 8 pages and extras were frequently published. His case went to the United States supreme court and he was ordered deported, but because of the technicality that Russia has no government at present officially recognized by the United States, and to which he can be returned, he has been suffered to remain in America.

The advisory committee of the "Friends of Soviet Russia" is composed of William Z. Foster, Rose Pastor Stokes, Elmer T. Allison, Ludwig Lore, Edgar Owens, Hulet M. Wells, William F. Dunn, Dennis Batt, Jack Carney, Mary Heaton Vorse, Ella Reeve Floor, Robert Minor, Max Eastman, Prof. H. W. L. Dana, Alice Riggs Hunt, Capt. Paxton Hibben, Albert Rhys Williams, Elizabeth Gurley Flynn, Margaret Prevey, Charles Baker, J. Louis Engdahl, J. O. Bentall, Jay G. Brown.

The executive committee is composed of Allan S. Broms, Jas. P. Cannon, Dr. J. I. Wlenkin, Dr. Wm. Mendelson, Dr. Leo S. Reichel, Caleb Harrison, Dr. J. W. Hartmann treasurer, A. B. Martin national secretary.

The letter head carrying the names of the advisory committee, etc., further states that "Friends of Soviet Russia" has been endorsed by the Chicago Federation of Labor, Detroit Federation of Labor, Minneapolis Trades & Labor Assembly, Illinois State Federation of Labor and others.

Mr. Georgian carries a credential from A. B. Martin, National Secretary of "Friends of Soviet Russia," stating he is a representative of the "Friends of Soviet Russia" and is authorized to act for this organization and that any courtesy shown him will be highly appreciated.

Another meeting will be held in the Trades & Labor hall tonight when Max Lerner will give an illustrated lecture under the auspices of the "Friends of Soviet Russia," and will show the Russian famine in pictures. Handbills state "it presents a choice collection of the wonderful hand-colored photographs views illustrating the story of the workers seizure of power, of the vicious and unprovoked attacks of the counter-revolutionists, of the successful defense, and now the bitter famine." These pictures were shown in Clouet previous to the Brainerd presentation. No admission will be charged tonight, but whoever wishes to contribute may do so voluntarily.

Mr. Georgian said that the money collected by "Friends of Soviet Russia" will go to the relief of the people in the Volga districts who are in the bitterest need.

Mr. Georgian said "the Friends of Soviet Russia has 150 local conferences in the principal cities of the United States and Canada and is the official workers agency for the relief of the famine stricken in Russia."

"It is affiliated with the American Federated Russian Famine Relief Committee. This latter organization pools the collections made by international unions and the Friends of Soviet Russia, and purchases at wholesale immense consignments of food for shipment to the famine sufferers in Russia. Ships are loaded at New York City and sent to Petragrad, Libau and Odessa."

"Upon their arrival the shipments are taken in hand by a trade union committee, working in conjunction with the Russian Red Cross. In the famine districts the distribution of relief is conducted by the central Famine Committee of Russian in cooperation with the Russian Red Cross

ENDOWMENT FUND OF WOMENS' FEDERATION

Interesting Account of Its Origin and Extension Given by Mrs. Henry I. Cohen

FIRST STARTED IN BRAINERD

Mrs. Cohen's Address was Delivered at the Tea Given Brainerd Musical Club Tuesday

Mrs. Henry I. Cohen gave an interesting report of the Endowment Fund, and how the idea of raising it started when the State Federation of Women's clubs was entertained in Brainerd. She spoke at the tea given Tuesday afternoon for the Brainerd Musical club at the Chamber of Commerce rooms.

She said that clubs from all over the state were pledging, five, ten and twenty-five dollars and finally, she couldn't stand it any longer, so she said to Mrs. Fred Parker, who was sitting near her, "I've a notion to pledge ten dollars from our club." Mrs. Parker replied: "Do, and if they don't pay it I will."

Mrs. Cohen explained that the idea was to raise ten thousand dollars for the use of officers and chairmen in promoting the work of the Federation. Mrs. Fred Parker came in just in time to hear something about ten thousand dollars and her own words as quoted above, and she was naturally considerably perturbed, until the speaker stated that the club very willingly paid the pledge. Mrs. Cohen was president of the Brainerd Musical club at this time.

and the representatives of the International Workers Famine Relief Committee."

AFTER "WILDCAT" STOCKS

A bill was recently reported upon favorably, by unanimous vote of the House Interstate and Foreign Commerce Committee, to prevent the use of the United States mails and other agencies of interstate commerce for transporting securities sold contrary to laws of the states, or promoting or securing the sale of these securities. The object of the bill is, in short, to prevent the sale of "blue sky" and "wildcat" stocks, and is the first attempt of the Federal Government to stop the sale of such securities.

In order to protect the public against swindlers of the Ponzi type, it became imperative to have a Federal law operating against "blue sky" securities. Evidence was adduced before the committee showing that the American people are annually robbed of half a billion dollars in gold bricks, wildcat mining and oil stocks and other get-rich-quick schemes.

Forty-two of our states have enacted "blue sky" laws, but the fact that the Federal Government had none made it very easy for those engaged in marketing these fake securities to evade the laws of a state by opening an office in another state and thereby becoming engaged in interstate commerce, over which the several states had no control. It is for the purpose of stopping this evasion of the state laws, and assisting all states in protecting the people against the many dishonest schemes, that this bill has been proposed by Mr. Denison, of Illinois.

EDUCATIONAL FILMS

A campaign of education through the motion picture industry has been inaugurated by the Department of Agriculture.

Among the more recent films which have been released by the Department are two showing the activities of the Bureau of Public Roads, which has become the world's greatest road builder under the Federal Aid Road Act. The films portray all the stages in the construction of highways.

"An Undesirable Alien" is the title of another film, which illustrates the activity of the European grain borer, a dangerous foreign insect pest which has been imported to this country and is making a serious attack upon the great American corn crop, and also upon celery, beets, beans cut flowers, etc. The film shows not only how this insect works but the methods that may be used to destroy it.

Another film portrays the potato growing industry, from the planting of the crop to its marketing. Another deals with the boll weevil. It visualizes the destructive work of this pest and methods of exterminating it.

The latest film released by the Department is entitled, "Bees—How They Live and Work." This film traces the life history of the insect from the laying of eggs by the queen to the busy little bee gathering honey. The film also deals with the commercial aspect of preparing honey for the market.

MINNESOTA'S WAR VETERANS

Perhaps it may not be generally known that Minnesota is now completing the payment of nearly \$30,000,000 as a state bonus to the boys from this state who answered the call of their country during the World war. The Gopher state has never questioned its debt to the men and women who responded to its call in time of trouble.

At the present time the state is paying a monthly pension to 2212 residents of the state who participated in the Indian wars of 1862. The law granting this pension was passed in 1905, and provides for a pension of \$12 a month for those suffering disabilities as a result of participation in the wars. Because of deaths the number of surviving participants, at one time about 450, has been greatly reduced. This year two survivors with back pensions of \$1,448 and \$1,304, respectively, were added to the list. Since the law went into effect Indian war pension payments have been made to the amount of \$705,800.09.

Theodore Christianson, editor of the Dawson Sentinel, will, it is understood, be a candidate for the Republican nomination for Congress from the Seventh district, in opposition to Congressman A. J. Volstead. Mr. Christianson has ability, and is personally very popular, and he will undoubtedly be an exceptionally strong candidate.

"The County Chairman" says of Theodore Christianson's candidacy for Congress against Volstead, in the Seventh district: "There is an insistent demand that he make the race. Mr. Christianson is just as ardent a dry as Volstead, but he is not a bug on the subject. Leading newspapers of the district are strong for the Dawson man."

To encourage the upbuilding and development of the Northwest, the Northern Pacific railroad has announced reduced carload freight rates on household and farm goods from eastern points to North Dakota and Montana. The reductions average about 40 per cent, and are effective April 10.

It may be true that he didn't tell a lie, remarks the observant Atlanta Journal, but George didn't have to make out an income tax blank.

NATIONAL EDITORIAL ASSOCIATION MEETING

American editors, who attend the National Editorial Association convention of 1922, will have the vacation of their lives next July. Plans, now being formulated by the association officers in St. Paul, include excursions through both Yellowstone and Glacier Parks with well-spent time in the great northwest from the Twin Cities to the western boundary of Montana. It will be a tour crowded with inspiration and enjoyment, the convention committee promise. In addition to the business factors involved and the pleasure attendant upon the association among the editors, there are two important propositions to be stressed:

First—To see the two parks—Yellowstone, largest and greatest of America's parks; and Glacier, second largest in the United States park system and by many regarded as second in importance only to Yellowstone.

Second—To see Montana, state of opportunity, where, in coming months the nation looks for phenomenal development of land resources.

The romance of the old west will unfold to the editors as they travel on the pioneer railway of the northwest—The Northern Pacific—across Minnesota, North Dakota and Montana. They will see the thriving cities and prosperous farms of the new west as well as the vast open prairies, and untamed mountain and forest of the old.

In Montana, the convention state, the journalists will see the west of their dreams. Montana is the third largest state in the Union; it is larger than all of New England, New York, New Jersey, Delaware and Maryland combined. It is a state of untold wealth and unlimited opportunities. From its natural resources, Montana produces every year \$292,000,000.00 of new wealth, divided as follows:

Minerals	\$113,500,000.00
Agriculture	102,200,000.00
Live Stock	62,500,000.00
Lumber	13,800,000.00

In the United States the average annual production per capita is over \$700 for each man, woman and child in the state.

"It will be a great thing to have these newspaper men see Montana and their visit is timely because after a five year slow-down caused by the war this whole northwestern country is entering upon a new era of expansion and development which will be more rapid and on a larger scale than ever," said J. G. Woodworth, vice president of the Northern Pacific.

"Montana wants only one thing, and that is population. The state could comfortably absorb and give profitable work to half a million more people if they could be selected according to ability and willingness to work. New population must come from the older states and with good opportunities at home people do not seek new locations. A tremendous expansion of business in the eastern and southern states during the war stopped what has always been the constant western movement of surplus population but with the restoration of normal conditions emigration to these northwestern states will be resumed. In fact it has already begun and before the end of the year people will be coming into our territory in large numbers. These newspaper men having once visited Montana will come again and when they come in after years they will be amazed by the transformation, because the west moves rapidly."

The National Editorial Association will hold its convention in Missoula. The exact dates in July have not yet been announced.

POLITICAL POINTERS

S. F. Alderman, present county attorney, has made a formal announcement that he will not be a candidate for re-election. Mr. Alderman made the statement when interviewed by the Dispatch. Many cases were handled during his term of office and he scored a high percentage of convictions. His annual report made to the county board is worthy of study.

The sheriff contest continues to attract attention, as to date five candidates have filed and more are expected before the lists are closed.

C. H. Warner of Aitkin was in town and said the Aitkin village election polled 419 votes.

County commissioners have filed as follows: for second district Edward Boppel for re-election. For fourth district Edward Crust for re-election. A. A. Weidemann and Frank J. Lowey.

Soapstone.

Soapstone is a rock composed essentially of the hydrous silicates of aluminum, but never chemically pure owing to the presence of varying quantities of other minerals, such as mica, chlorite, amphibole, pyroxene, etc. Soapstone is a massive rock, of bluish-gray-green color, and soft enough to be readily cut with a knife.

Efficiency.

It is a convenience when making preserves, after they are put away in a closet, to make a list of what you have and fasten it on the closet door with a pencil attached; then when you take a jar out cross it off.

Life's Diseases.

One of the common diseases of adult life is old age, another is middle age. These are not limited to adult life. Youth, actually, is not a function of time, but a physical state.—Eugene Lyman Fisk.

"United We Stand, Divided We Fail."

The phrase is the motto of the state of Kentucky. Mark Twain proudly refers to this fact. "The armorial crest of my own state consisted of two disjunctive bears holding up the head of a dead and gone cask between them and making the pertinent remark: 'United We Stand, Divided We Fail.'"

We'll Back the Farmer

This bank stands squarely behind all those things which serve to ease the problems of rural life and promote the general welfare of the farmers.

We're vitally concerned about poor yields, inadequate market facilities, low prices, insufficient credits, lack of transportation and every such problem affecting the farmer.

We want each farmer in this section, whether a customer of this bank or not, to know that we accept his problem as our own and offer him our help to satisfactorily meet these conditions.

LAND CLEARING MEETING THURSDAY

Organization Formed at the County-wide Gathering Held in Chamber of Commerce Rooms

MICHAEL MAREA PRESIDED

Array of Speakers Embraced Experts of the Most Practical Nature Explaining Work

Following a dinner served at the Chamber of Commerce rooms in Brainerd Thursday afternoon, 100 farmers, business and professional men, delegates from farmers clubs, commercial clubs, newspapers, banks, etc., formed a Crow Wing County Land Clearing Association modeled on lines so successfully adopted in Beltrami and Cass counties.

Michael Marea presided at the meeting and called on many people to express their opinions on the subject of land clearing. All generally vouchsafed cooperation in the movement.

Speakers included Mark Thompson of the Northeast Experiment Station of Duluth; H. W. Byerly of the Northern Pacific railway company; County Agents Dvoracek and Ostby of Beltrami and Cass counties; State Secretary George W. Lawson of the Minnesota Federation of Labor; W. H. Gemmell president of the Minnesota & International railway.

A complete record of the proceedings will be given in Friday's Dispatch, as the meeting did not get under full headway until the afternoon session.

Meeting at Chamber Tonight

In order to familiarize Brainerd business and professional men and the men of the shops and others with the aims and methods of a land clearing association, they are all invited to attend a special meeting to be held at the Chamber of Commerce rooms tonight at 8 o'clock at which all the state speakers heard this afternoon will speak. This is an opportunity seldom vouchsafed Brainerd people to hear such experts.

State Forester Cox arrived in the afternoon and spoke then and will also speak in the evening.

MASKED BURGLAR ROBS BRAINERD HOME

The home of Herman Wade of 1509 Pine street, southeast, was robbed on Wednesday night between 8 and 9 o'clock. The family was at church and there was only his small son, age 10, at home. A man came into the house in rough clothes, wearing a handkerchief over his face and ordered the boy to leave the house. The little fellow dressed and ran to the Bethlehem Lutheran church and told his father. The family called Captain Erick Graff and with the officer returned home.

The dressers, trunks, cedar chest and other things had been opened by the burglar and articles thrown on the floor in search for money. He took \$5 in small change which he found in the cedar chest.

UNION GOSPEL MEETINGS

To be Continued for Two Weeks, Rev. A. B. Ost at the Swedish Bethany Church

You are cordially invited to the union gospel meetings of the Swedish Baptist and Swedish Bethany churches, which will continue under the leadership of Rev. A. B. Ost in the Swedish Bethany church, Sunday, March 19 to April 2. Time of services will be 7:45 o'clock in the evenings and 10:30 a. m., 3:00 and 7:30 p. m. Sundays. The services will be in English Thursday, Friday and Sunday evenings. The rest of the services will be in Swedish. Good music and singing.

Rev. Ost is a forceful and fluent speaker. He speaks both American and Swedish fluently. He has the calling as evangelist for the Young People's Covenant of the Mission churches of the Northwest and has had considerable success all over.

We invite everybody to come and hear him. P. G. Fallquist.

Candy Sales

The Fill Try class of the Evangelical Sunday school will sell home-made candy at Milkes & Zimmerman's store Saturday afternoon, March 18th beginning at 2:30 o'clock.

Fireside Club

The Fireside club of the Norwegian-Danish Lutheran church will meet Friday evening in the church parlors. Mrs. Jacob Thoe will entertain.

50,000 ACRES CLEARED IN STATE

Fifteen Northern Counties of Minnesota Declare War on Stumps Blow Them Up

MUCH DYNAMITE IS BOUGHT

Beltrami, Itasca and St. Louis Counties Led in Land Clearing Activities in State

Figures based on reports of county agents and land clearing officials received and tabulated at University Farm, show more than 50,000 acres in 15 northern Minnesota counties were cleared of stumps in 1921, and will be put under cultivation for the first time in 1922. For every acre stumped an extra acre was brushed and made ready for the planting of grass and clover seed the coming season.

Something more than a million pounds of dynamite were purchased for land clearing purposes. Besides this the reports show that 782,300 pounds of picric acid were distributed in Minnesota during the season. The university's agricultural engineers say that a total of at least 1,250,000 pounds of explosives were used to clear land in 1921. The average amount used per acre was between 25 and 30 pounds. Thirty-five thousand acres of this new land was cleared by 3,511 farmers in northern Minnesota by the use of picric acid, at a saving of more than \$70,000 over the usual methods.

Records reported to and kept by the university's agricultural engineering department show how the land cleared in 1921 was divided by counties:

Beltrami	Acres	Acres	Beltrami	Acres
Carlton	15,000	Mille Lacs	2,500	
Crow Wing	3,800	Lake	1,000	
Cass	1,500	Morrison	300	
Itasca	2,500	Pine	2,000	
Hubbard	8,500	Wadena	2,200	
Kanabec	1,800	St. Louis	9,000	
Koochiching	1,000	Todd	200	

Assuming that 1,250,000 pounds of explosives will be used in 1922 and that the "carry-over" this winter will be about the same as last, the land clearing section men of the university believe that more than 70,000 acres will be cleared of stumps in northern Minnesota in 1922 and planted to field crops in 1923 for the first time.

Beltrami and Itasca and St. Louis counties led land clearing activities in Minnesota in 1921. In Beltrami county a fund of \$5,000 was subscribed by business men and a land clearing specialist was engaged for the period March 28 to November 1. Dynamite was sold at cost to anyone who would use it, and in addition the quota of picric acid was promptly over-subscribed.

Itasca county organized in much the same way as did Beltrami. Sufficient explosives were brought into the county to clear more than 8,000 acres, while the 1920 census shows that in the five-year period immediately preceding a total of only 6,183 acres were cleared, indicating that the results in 1921 were more than equal to the results of the five years preceding.

In November a land clearing organization was started in St. Louis county. A manager of operations has been employed and plans are under way for an aggressive land clearing campaign in 1922. Although 9,000 acres were cleared in 1921, prospects are bright for a much larger clearing, possibly as large again in 1922.

Impressed by the splendid success of operations in Beltrami and Itasca counties, farmers and business men of Cass county have organized for a campaign in 1922 which they expect will prove proportionately as large in results as the campaigns in the sister counties mentioned. Eight district organizations, each consisting of three or four farm bureau units, together with their common trading or business center, have been organized. A district committee will have charge of local phases of the work. The headquarters of the eight districts are Walker, Cass Lake, Hackensack, Pine River, Backus, Federal Dam Boy River and Remer.

Crow Wing county will also join the land clearing movement, a meeting has been called at Brainerd for March 16 to perfect an organization similar to that in Cass county.

Just Like Icicles Melting From the Eves

So the warm thaw of lowering costs brings down the prices that have been hanging so wickedly high for so long.

Today almost everything is down in price, vastly lower than a year ago, and it makes us so comfortable in the selling and makes our customers so comfortable in the buying—for everything in the store offers full money's worth now.

This fact has made our early selling of garments a great pleasure for there is great satisfaction as to the prices.

LEGION AND HIGH SCHOOL BASKETBALL (W. G.)

The local American Legion and the high school basketball teams will stage one of the hottest contested battles of the season at the high school gym Friday night. It is to be a benefit affair, the proceeds being divided between the two organizations to be used for various purposes. The high school hopes to raise enough to outfit her baseball team.

Among the foremost of the Legion's features is "Dippy" Falconer, who coached Brainerd's winning team the latter part of last season, with many others who have performed on Brainerd's floor in past years.

The Hi-team is at its greatest strength and promises an excellent performance, having the wealth of both the first and second teams to draw from. The fray begins promptly at 7:30. Come on! Everybody step to the high school auditorium. Tickets 25c.

AMUSEMENTS

Richard Barthelmess Star of "Way Down East" Triumph Again at New Park Friday and Saturday

New England may have had its Blue Law against kissing your wife on Sunday but there is a portion of the U. S. A. that goes this staid old region one better, and makes it a heinous offense to kiss your wife or any other woman for that matter, at any time. It is in the heart of the Virginia mountains where "Tol'able David," the first National attraction in which Richard Barthelmess makes his debut as a star was filmed, that this odd feature is noticeable.

However, when it is known that in this colony woman is considered the inferior of man in every way, it does not seem so strange. "Tol'able David" has many amusing incidents which have been gleaned from the queer customs of the country.

A Drama of Stage and Studio Life

In an intimate back-stage close-up of a chorus girl who becomes a successful motion picture star, but has many unsuccessful experiences in her private life, Realart presents charming Wanda Hawley in one of the most interesting roles of her career. The picture is "Her Face Value," and will play a New Park tonight only.

You are first introduced to Peggy Malone in her father's home, a shabby little flat in New York. There is no champagne in sight, though Peggy is a chorus girl. The only beverage served is from a tin coffee pot and though they do say that tea is greatly to be distrusted as served in many New York hotels at the present time, we can vouch for Peggy's coffee, for we see her make it, rising betimes to get her father's breakfast ready before he starts to his work.

Peggy, you learn even in the first reel, is a good little mother and banker to both her father and her equally indolent and sponging brother. You bless her kind heart, but wish she would be a little bit firmer in dealing with them, for these gentlemen do not, at any time during the picture, gain your sympathy or respect.

However, Peggy never does get firm with them, and when she marries as all pretty girls are bound to do sooner or later, the father and brother continue to sponge, enlarging the scope of their activities to include Peggy's young husband.

Lyceum Theatre Friday

That the man who tries to do the right thing is frequently misunderstood and very wrongfully misjudged is shown in "The Sin That Was His," the big Selznick Picture starring William Faversham, which will be shown at the Lyceum theatre Friday only, when Faversham is seen gambling with a drunken boy and taking his money away. He is censured by men who do not know that his real motive is to scare the boy, show him the evil results of drinking and gambling and then give him money back. Later on, while on an errand of good, he is taken for a burglar and then accused of murder. How he is won back to a better life with faith in his heart for mankind, makes a story that vies with the best of the season's offerings in the matter of sustained interest and suspense.

The 4th chapter of "With Stanley in Africa" and a comedy will round out a 100 per cent program for St. Patrick's Day, which is also "Family Night" at the Lyceum. Children are to be admitted free if accompanied by parents.

Harry Carey at Lyceum
Packed houses greeted hit popular Universal Star Harry Carey at the Lyceum yesterday. The attraction being a fine Northwest drama entitled "Desperate Trails." It will be repeated again tonight.

ITALY TO LAUNCH PROGRAM TO GAIN AIR SUPREMACY

(United Press Staff Correspondent.)
Rome, March 15.—The Italian Ministries of War, Navy and Aeronautics is expected soon to launch a definite program that will have for object the making of Italy one of the big centers of international aviation.

Despite the almost unrivaled progress which Italian aviation, naval, marine as well as commercial has made, Italy has only figured in international aviation by competing in events held in other countries. Hereafter, Italy intends to bring international aviation onto her own home grounds, where besides competing with mere individual machines she will have an opportunity of showing her full accomplishments, development and equipment in the matter of aviation.

As the first steps towards this end Italy has just inaugurated two annual international cup races, which will be flown for the first time, at least, on home grounds and home waters. While they will probably be flown in the future in the countries of the cup winners, Italy hopes not only to keep the cups at home a good portion of the time but to bring other international aviation meets to Italy by means of winning the cup or other prize.

The two annual events which Italy will launch in 1932 are the Grand Italian Cup and the Grand Tyrolean Cup. The first one will be for air-planes and the latter for hydroplanes, but both of the commercial type.

They will be flown over courses of at least 200 kilometers. Besides the question of speed other elements to be considered especially in determining the character of the planes entering will be that of their transportation capacity, security and their economic possibilities.

Besides the cups themselves which will pass each year from winner to winner, each race will carry with it a first prize of 150,000 lire and a second prize of 50,000 lire.

Two other international aerial events have also been inaugurated by the Italian government, both of which will have their initial flights in Italy during 1932. The first of these will be races of parachutes dropped from air-planes. The program of events being worked out for this international contest will carry premiums aggregating half a million lire.

The object of this competition is to develop and show the possibilities of the parachute as a measure of safety in aerial navigation as well as a means of communicating by direct descent from airplanes which continue their course.

Finally, still a fourth international competition will be that of gas balloons. Premiums for the latter will be offered up to 30,000 lire. The excellent showing made by the Italian teams and balloons in the Gordon Bennett Cup races in Belgium this year was one of the determining factors in inducing the Italian government to put on this international event as well.

While all of the above events will be backed by the Italian government and the three ministries most directly interested in aviation, they will be carried out under the general direction of the Italian Aerial Club.

In the meantime, the Italian government will offer every encouragement and help to Italian aviators to win as many international cups as possible in order that the great bulk of the international aerial meets may be brought to Italy. Towards the end of December, aviators from the Italian marine aviation hope to establish a new record for the Michelin cup which will insure that event for Italy for 1932.

WILD WEST ALL THE RAGE NOW IN SOUTH AMERICA

Buenos Aires (By Mail to the United Press).—Inspired by 50 per

cent of the U. S. movies exhibited here and by the Buffalo Bill brand of fiction consumed with great gusto by the growing youth of the Argentine, a local producer has just achieved popularity by staging his own version of "From Buenos Aires to the Far West." The musical comedy, replete with bandits, cowboys, "tin lizzies," hip-pocket armor bootleg whisky and "el schimy fox trot," lately completed a record run in a large theatre.

While the senorita of the River Platte country runs considerably to aorodopsis she showed off well in the Alaska dance hall type of costume and managed to ride side-saddle on a horse. As for the gallant cowboy, he achieved a half-deer-skin, half-chaps, enhanced by heavy hardware about the waist. Fortunately the stage was large and there was plenty of room for the enormous hats with which the males of the party were adorned. These divided attention with the boots which were the real article from Russia, specially designed for the new dances that are executed by bare-kneed, might-have-been Greek youths.

To the accompaniment of several fusillades and a jazz band, the party at last arrived at the principal bar, draped with the stars and stripes, hung upside down. Here were more bathing beauties, each tipping the scales at around 200 pounds. The ingenue was upholstered in a blue Spanish shawl with green roses nestling in her blonde locks and was busily drinking \$25 a quart liquor.

While the blonde one was thus drumming up business for the shop the "shimmy" expert dropped in, looking very much as though she had just got out of bed and put on the first thing handy, which was mostly nothing, covered with black tulle. Such was Myria of the bobbed hair, quite too fat to undulate her shoulders and consequently forced to simply stand and jolly occasionally varying this with a dainty upward movement of her inflexible knees. The main idea

Whirlwind Campaign Under Way to Raise Money Needed for Work at Home and Abroad.

"God's Work Must Go On." Declaring that "Hard times must not be allowed to hinder the work of the denomination, and God's work must go on, in spite of the present financial crisis," Northern Baptists of the United States have begun a whirlwind campaign to raise \$15,000,000 between now and April 30th.

This sum is the major part of approximately \$19,000,000 which Northern Baptists determined upon as the amount necessary to carry on their work during this fiscal year. Without the \$15,000,000 the activities of the denomination on both home and foreign fields would be seriously hampered, no new work could be entered upon, and some of the missionaries already on the fields might have to be recalled. Denominational forces throughout the country have therefore rallied to the present need, and are organizing for the campaign, from the children in the Sunday-schools to the heads of the great metropolitan churches.

Northern Baptist leaders declare that they have full faith in the success of the campaign.

"We are confident that our people will respond to the need," stated Dr. John Y. Aitchison, General Director of the General Board of Promotion of the Northern Baptist

Convention. "Northern Baptists will not fail our Lord or our messengers in this crisis."

Mrs. Helen Barrett Montgomery, President of the Northern Baptist Convention, the first woman who has ever held such an office in any denomination, declared that she felt sure the campaign would succeed.

"We might think it impossible in such times as these if we did not know that with God all things are possible," she said. "Too many of our members really believe in prayer and hard work for our campaign to fail."

A complete organization has already been set up for the drive. Each of the 34 states which comprise the Northern Baptist Convention has been divided into districts, with 10 to 20 churches in each district in charge of a volunteer campaign director. More than 70 national speakers, the best known men and women of the denomination, including several missionaries now on furlough in this country, will aid in rallying enthusiasm for the campaign. Dr. Hugh A. Heath of New York, Executive Secretary of the Department of Conferences and Conventions, says that the denomination is better organized for a campaign than it has ever been before.

Baptist business men throughout the country have formed a Northern Baptist Laymen's Council, which will direct their work in the drive. Their organization consists of two laymen from each state in the Northern Baptist Convention, 15 members at large. F. W. Freeman of Denver, Colorado, is general chairman, while L. A. Boardway of Pasadena, California, F. A. Grow of Chicago, E. L. Ballard of New York, and A. L. Scott of Boston, will serve as vice-chairmen.

Women of the denomination are undertaking to raise \$2,000,000 of the \$15,000,000. For this purpose the Women's American Baptist Home Mission Society and the Woman's American Baptist Foreign Mission Society, are co-operating in a Continuation Campaign. Mrs. George W. Coleman of Boston, will direct the raising of this sum, as Chairman of the Continuation Campaign Committee, and among those who will assist her will be Mrs. Andrew MacLeish of Glenview, Illinois, President of the Woman's American Baptist Foreign Mission Society, and Mrs. K. S. Westfall of New York, Executive Secretary of the Woman's American Baptist Home Mission Society.

A SUCCESSFUL MAN

Among the notable professional men of this country who achieved great success along strictly legitimate lines was Dr. R. V. Pierce. Devoting his attention to the specialty of women's diseases, he became a recognized authority in that line.

Over fifty years ago this noted physician gave to the world a Prescription which has never been equaled for the weaknesses of women. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all thru treating thousands of cases. The result of his studies was a medicine called Doctor Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, weakening pains, and for the many disorders common to women in all ages of life. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it in both tablet and fluid form.

Keep Coal Dry.

If coal is kept in a dry, airy place it will burn much better than if placed in a close, poorly ventilated cellar. Coal that is excluded from the air soon gets rid of its gas and the absence of this renders it more wasteful when burned.

IF HAIR IS TURNING GRAY, USE SAGE TEA

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.
